

Complete Careers Platform

The screenshot displays the Morrisby Careers platform interface. At the top, a user profile for Joseph Stevens is shown with a 95% completion rate. The main dashboard includes sections for 'Hi Joseph, what to do next?' with a 'Start now' button, 'Trophies', 'About me', 'My choices', and 'Progress'. The 'My choices' section lists various options like Careers, Courses, Apprenticeships, and Subjects. A 'Career resources' section features a card for Trentside University. A 'My to do list' section includes tasks like 'Complete my profile', 'Speak to advisor', and 'Complete action plan'. A calendar for February is also visible. On the right, a 'Pharmacy Advisor' career card shows a 95% rating. Below it, an 'ACTION PLAN GOAL' card for 'Gain experience of a GP surgery' lists tasks like 'Investigate work experience opportunities', 'Apply for a place', and 'Secure the place', with a completion date of 5 July 2020.

Morrisby Careers has extensive information and tools to match careers, subject choices and apprenticeships/traineeships for every individual. It can form the foundation to build your careers education and guidance program.

Careers library

Morrisby Careers provides your digital careers library. With rich information on careers, subject choices, apprenticeships and higher education study areas. Each career contains detailed routes to entry and qualification requirements.

Student self-discovery

Powerful but simple assessments match interests and preferences to specific careers and course areas. The student's unique profile is analysed against more than 625 careers and the closest matches are highlighted for further investigation. They can be 'favourited' by the student or replaced with closer matches.

Key decision points

Provide support throughout the student's school career with particular focus at the key decision points such as choosing options at age 16 and 18. The system encourages them to explore a wide range of study areas and careers and play "what if scenarios" by adjusting expected qualifications up or down.

Action planning

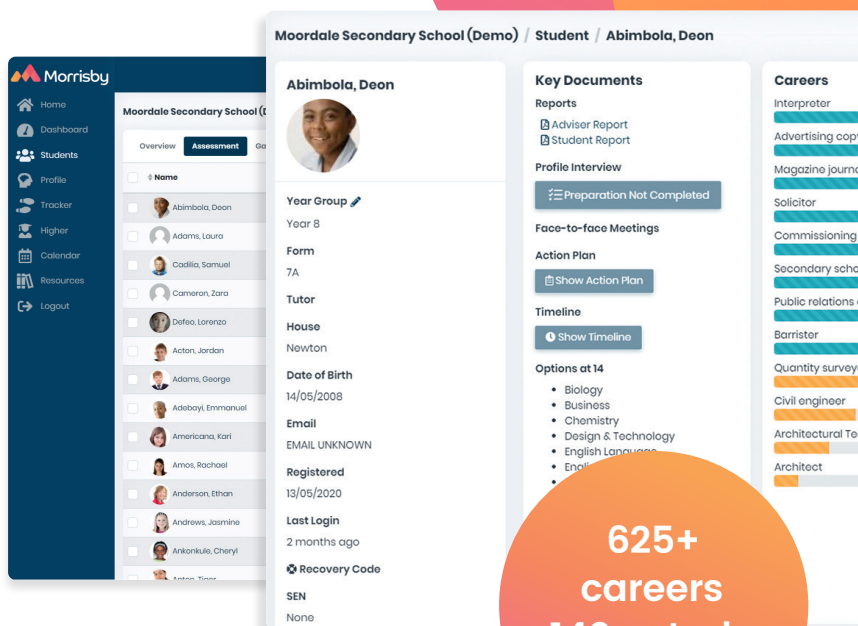

Morrisby Careers helps students organise their progression through school with the built-in action planning and face-to-face meeting tools. This makes it easy for students to take control of their own careers journey while also making it simple for tutors to engage in the wider careers conversation and provide specific support at appropriate times.

Management system

Data and dashboards

Careers leaders and teachers are well supported with a management system that is flexible and powerful. With multiple dashboards to interrogate data and a student database that makes it easy to see progress by vulnerable groups, classes and cohorts to name a few. Key data can also be downloaded for further interrogation.

The student page groups all of the key information and progress together so you can see at a glance how an individual is progressing. This can allow tutors and pastoral staff to get the full picture and make it easy to prepare for individual conversations and guidance with built-in face-to-face meeting tools and student action planning.
