

Sam Taylor

Address: 246 Kingsway, Suburb, 3002

Email: smataylor32@gmail.com

Telephone: 0405 233 331

Education and Qualifications

2015 to present time attending Suburb Academy

VCE subjects – plan to take

Maths

English Language

English Literature

Physics

Chemistry

Biology

Spanish

2011 - 2015 Suburb Primary School

Work Experience

Although I am in Year 10 at school, I have worked most weekends for the past year in a small animal sanctuary just outside Town. In this role, I walked dogs, cleaned and disinfected kennels and helped feed and groom the animals. I also carried out other general maintenance duties. The sanctuary have recently asked me to welcome visitors to the centre and accompany them when they view animals for adoption. I feel very excited about this new opportunity as it will enable me to interact more with the public, which I really like.

I also completed my silver Duke of Edinburgh award in March 2020. To do this I volunteered at the local dog rescue centre, I did this for 6 months, and was responsible for caring for the dogs, feeding them and cleaning their living quarters. It was great to work with other people who also cared for animals. I did tennis as my sport for 6 months. My skill was Chess where I began as a complete novice and now I play once a week in my lunchtime at school, winning regularly. I spent two nights, 3 days camping and hiking in Tassie. It was a great experience where I helped my friends by motivating them and helping them when they got physically and emotionally tired.

Additional Skills and Interests

I am an active member in the local venture scout group and have recently spent time helping the cubs prepare for their service badges. I have been an active campaigner for animal rights and delivered a school assembly on the subject last term. When I have spare time, I enjoy playing tennis and going horse riding.
